

BIOLOGY IX

Questions Distribution

According to the Chapters.

**This Distribution is carried out According to
NEW BOOK OF BIOLOGY.**

COMPILED BY M. Zubair Arif Yousufi

QUESTIONS	Years
Chapter 1: INTRODUCTION TO BIOLOGY	
Section B	
2. Name and define the basic divisions of Biology.	2025
2. Define the following: (i) Parasitology (ii) Environmental Biology (iii) Biotechnology	2024
9. Draw a neat and labelled diagram of "Amoeba". 13. "Careers in Biology". Describe any three fields of it.	
2. Write the contribution of any three Muslims scientist in the field of Biology. 9. Write the translation of any two Quranic Ayah about plants and animals.	2023
2. Define: Paleontology, Environmental biology, Genetics. 5. Describe the relationship of Biology with any three branches of science.	2022
7. Define Pharmacology, Cell Biology and taxonomy. 9. Make a flow chart, showing different levels of organization living things.	2021
Section C	
Chapter 2: SOLVING A BIOLOGICAL PROBLEM	
Section B	
5. Explain the term Hypothesis with the help of an example. 13.(OR) Write three differences between Theory and Law.	2025
3. Explain the biological method with the help of a flowchart.	2024

Section C

Chapter 3: BIODIVERSITY

Section B

3. What is meant by Homologous and Analogous? Explain with examples.	2025
4. Write Biological names of the following: (i) Onion plant (ii) Mango plant (iii) Neem Plant (iv) Frog (v) Cat (vi) House fly	
6. Define Conservation of Biodiversity.	
4. Describe any three principles of classification.	2024
10. Describe any three causes of deforestation.	
12. Write down any three characteristics of kingdom Fungi.	
5. Define Biodiversity and its importance.	2023
4. Define classification. Names units of it and explain any one.	2022
6. Write three characteristics of members of Kingdom Monera (Prokaryotae).	2021
Section C	
16. Describe five kingdom classification.	2023

Chapter 4: CELLS AND TISSUES

Section B

7. Draw a neat and labelled diagram of Animal or plant cell.	2025
7. (OR) Draw a neat and labelled diagram of Cardiac muscles.	
8. Define the following terms: (i) Diffusion (ii) Osmosis (iii) Facilitated diffusion	
13. Write a note on Light microscope.	
5. Write any three differences between light microscope and electron microscope.	2024
11. Write down any one function each of the following: (i) Mitochondria (ii) Golgi Bodies (iii) Plastids	
3. Write three fundamental postulates of cell theory.	2023
4. Draw neat and labeled diagram of smooth Muscles.	
7. Define plastids and write its types.	
13. Write note on Mitochondria.	
3. Draw a neat and labelled diagram of Animal cell.	2022
6. Define plastids and write two types of it.	

7. Write three differences between prokaryotic cell and eukaryotic cell.	
2. Define: Diffusion, Osmosis and Endocytosis	
4. Draw a neat and labelled diagram of mitochondria.	
5. Name different types of animal tissues and describe any one.	
10. Write any three fundamental postulates of cell theory.	2021
Section C	
14. What are plant tissues? Write their types and define any two.	
15. Draw neat and labelled diagram of Mitochondria.	2025
18. What is tissue? Point out plant tissues with the help of flow chart.	2023
16. ---OR--- Define tissue. Explain muscle tissue and its types in detail.	2022
11. What are tissues? Name different types of plant tissues. Describe simple permanent tissues in detail. (Diagram is not necessary)	2021

Chapter 5:**CELL CYCLE****Section B**

9. Define two basic ways of cell death in multicellular organisms.	2025
6. Write different types of chromosomes with their diagrams.	
7. Define mitosis	2024
11. Why is Meiosis called reduction division?	2023
8. Define chromosome. Name the types of it.	2022
3. What is mitosis? Name four stages of it and define anyone.	2021

Section C

16. Define Mitosis, write its different stages, explain any two of them.	2025
16. (OR) Define Meiosis, Explain prophase and draw labelled diagram of it.	
19. Define mitosis. Name and define different stages of it with diagram of each.	2023

Chapter 6:**ENZYMES****Section B**

9. Define enzyme. Write any two uses of enzymes.	2022
--	------

Section C

18. Define enzyme. Write any four characteristics of it.

2024

Chapter 7: BIOENERGETICS

Section B

10. What is photosynthesis? Explain it with chemical equation.

2023

10. Write three differences between light reaction and dark reaction

2022

8. What is Photosynthesis? Define light dependent reaction (light reaction) and light independent reaction (dark reactions).

2021

Section C

18. Write any six differences between Respiration and Photosynthesis in plants.

2025

19. Write any six differences between respiration and photosynthesis in plants.

2024

15. Define Respiration. Write aerobic and anaerobic respiration with chemical equations.

2023

16. Define respiration. Describe the usage of respiration energy in the body of organism.

2022

14. Define respiration and explain anaerobic respiration and aerobic respiration. Also write chemical equation for each.

2021

Chapter 8: NUTRITION

Section B

12. What disease are caused due to the deficiency of the following Vitamins:

2025

(i) Vitamin K

(ii) Vitamin D

(iii) Vitamin A

8. Write any three effects of malnutrition on human.

2024

12. Define the following terms:

2023

(i) Vitamins

(ii) Ulcer

(iii) Anemia

11. Define heterotrophic nutrition and explain its types.

2022

12. Define vitamin and explain its two types.

13. Write any three effects of malnutrition on human.

Section C

17. Write down two function of each of the following:

2025

(i) Oral cavity

(ii) Stomach

(iii) Liver

14. Draw a neat and labelled diagram of Human Alimentary canal	2024
17. What are the major components of human food? Describe any two components.	
14. Draw a neat anti labelled diagram of human alimentary canal.	2022
12. Define autotrophic nutrition and heterotrophic nutrition. Explain different methods of hetetorpheric nutrition in plants.	2021
13. Draw a neat and labelled diagram of Digestive System of man (Human alimentary Canal)	

Chapter 9: TRANSPORT

Section B

10. Define Pulmonary circuit and Systematic circuit.	2025
11. What is the role of root in transportation of water and minerals.	
8. Define: (i) Arteries (ii) Veins (iii) Capillaries	2023

Section C

19. Explain Arteries, Veins and Capillaries.	2025
14. ---OR--- Draw a neat and labelled diagram of internal structure of Human Heart.	2024
15. Write the name of two blood diseases. Describe their symptoms and causes.	
14. Draw a neat and labeled diagram of Internal structure of Human Heart.	2023
17. What is blood? Explain main components of blood with diagram	
15. Define transpiration and explain factors which affect its rate.	2022
13. OR Draw a neat and labelled diagram of internal Structure of Human Heart.	2021

DEFINATIONS

QUESTIONS	Ch.	Years
Section B		
Section C		
16. Define the following terms: (i) Vitamins (ii) Goiter	8	2024

(iii) Stomata		9	
(v) Cisternae	(iv) Nucleoplasm	4	
(vi) Activator		6	

DIFFERENCES

Section B		
6. Differentiate between any one of the following:	2	2023
(i) Law and Theory		
(ii) Horticulture and Agriculture	1	
Section C
