

COMPUTER IX

Questions Distribution

According to the Chapters.

**This Distribution is carried out According to
NEW BOOK OF COMPUTER.**

COMPILED BY M. Zubair Arif Yousufi

QUESTIONS	Years
Chapter 1: FUNDAMENTALS OF COMPUTER	
Section B	
2. Define Control Unit. 3. Define primary Memory (RAM and ROM). 11. Write a note on Motherboard. 13. What is the difference between compiler and interpreter?	2025
2. Describe the first generation of Computer. 3. Classify computer according to the technology. 4. What are buses? Describe their types. 9. Differentiate between Compiler and Interpreter. 12. Define RAM and ROM.	2024
3. Why are utility programs used in computer? 5. What is the importance of wireless communication in the present era? 8. What are the basic operations of a computer? Write all the operations. 9. Which calculating devices were invented in the mechanical era? Write about any three devices.	2023
4. Differentiate between system software and application software. 10. Describe "Artificial Intelligence" with example. 3. Which Monitor will you prefer in your school; CRT or FPD? And why?	2022
2. Define computer hardware. 3. What are the basic operations of the computer?	2021
Section C	

14. Define the types of computer according to technology. 15. Describe basic operations of computer. 19. What is computer software? Describe its types.	2025
14. Define Control Unit and Arithmetic logic Unit (ALU) 15. Define software and its types	2024
14. Define the following components and where are these found in computer? (i) Arithmetic and Logic Unit (ii) Control Unit 15. Define computer software and its types. 19. IT field provides different careers. Write about any four careers of IT field.	2023
15. What are the basic operations of a computer system?	2022
12. Explain Microprocessor and its components.	2021

Chapter 2: FUNDAMENTALS OF OPERATING SYSTEM

Section B

5. Describe the functions of Operating System.	2024
5. What is the difference between GUI and CLI	2022
4. Write any three functions of Operating System.	2021

Section C

17. How an interface plays a vital role in computer? Write a command line interface and graphical user interface.	2023
---	------

Chapter 3: OFFICE AUTOMATION

Section B

4. What is a Word Processor?	2025
7. Define Microsoft Word. 8. What is sorting?	2024
6. How is a table of content created? How does it help a book reader?	2023
6. Why do we use arrange group in page layout tab? 11. What is the difference between table and View? 12. Write steps that will multiply 37 by 15 using the formula bar in MS Excel. 13. Why do we use a watermark in a document? Give some	2022

examples of watermark.	
5. Explain the importance of MS-Excel.	2021
Section C	

Chapter 4: DATA COMMUNICATION AND COMPUTER NETWORKS

Section B

7. What is Modem?	2025
8. What do you know about Hub?	
10. What is Data Transmission Signals?	
10. Describe properties of a good communication system.	2024
2. What do you mean by Computer Network? Write the name of different networks.	2023
7. What is meant by transmission medium? Define guided and unguided media.	
10. What do you mean by communication? Define any three components of communication system.	
11. Differentiate between Digital signals and Analog signals.	
6. Write three differences between physical address and logical address.	2022

Section C

17. Describe the different types of topology.	2025
16. Describe topology and its types.	2024
17. Define the following Networks: (i) LAN (ii) MAN (iii) WAN	
18. Write the functions of the following network devices. (i) Router (ii) Switch	
19. Differentiate between Data Rate and Baud Rate.	
16. What are the different types of topology? Explain each.	
11. Define Topology and explain its types.	2022
13. Describe components used in the communication system.	2021

Chapter 5: COMPUTER SECURITY AND ETHICS

Section B

5. Define Artificial Intelligence (AI).	2025
6. What is meant by Hacking?	
9. Write any three precautions to avoid malware.	

6. Describe Artificial Intelligence (AI).	2024
13. What are Antivirus? Write few popular name, of it.	
11. What is computer security?	2024
4. Write any three measures to prevent computer system from virus and malware.	
7. Why is information accuracy important?	2022
8. Why is computer security important? Write any three reasons.	
7. Why is computer security important? Write any two reasons.	2021
Section C	

Chapter 6: WEB DEVELOPMENT

Section B

12. Explain the following tags: <head> <title> 	2025
12. Write the description of the following: <p>, , <hr>	2023
9. How are image display in HTML page?	2022
8. Define Hypertext Markup Language (HTML).	2021

Section C

16. Write different types of websites.	2025
16. Define the term website. Write any five websites name.	2023

Chapter 7: INTRODUCTION TO DATABASE SYSTEM

Section B

13. Write any three characteristics of database management system.	2023
2. Write three benefits of using relationship in the Database.	2022
9. What is meant by Database Management System?	2021

Section C

18. Define any three components of DBMS.	2025
18. What is meant by database management system (DBMS)? Explain basic components of it.	2023

14. Why is DBMS preferred over flat file system?	2022
14. Explain the basic components of DBMS.	2021

MISCELLANEOUS QUESTION

QUESTIONS	CH	Years
10. Define any one of the following: (i) Data Communication	4	2021
(ii) Cyber Crime	5
